Period: _____

Section C5.2: *Reptiles*

Creature from the Black Lagoon

Odyssey Magazine

- 1) Describe the activities of the American alligator during both the daytime and nighttime.

- 2) How have humans in South Florida impacted the alligator? How has this affected the alligator population?

- 3) Alligators have keen eyesight. How are their eyes adapted to maximize vision both during the day and at night?

- 4) How do alligators hunt?

5) How are alligators vital to the survival of the Everglades ecosystem during the annual dry season?
